What Clients Say

[Trip Feedback](#)

"We came to PNG and expected a lot of experiences and impressions. Wako was already informed about our special wishes and he fulfilled it perfectly - from the friendly welcome at Tari airport till the bye-bye at Port Moresby Airport. Living between Huli man, taking part in many different colorful Sing-Sings in Tari, Mt. Hagen , Goroka and in the Sepik area, feeling the worm-hearted and friendly people of PNG - it was a beautiful trip. Wako did a perfect job; we can recommend him very well! Many thanks to Wako and his staff " Rogan and Angelika from Germany. Email: rogan.alimonta@arcor.de

Dear friends in Papua New Guinea!

I send here some photos that I took during our visit in your country in November 2007. I hope you give the photos to the persons who are in the photos. I hope you have a great pleasure of the photos. We had a very nice time in Papua New Guinea and we enjoyed every day.

We have told our friends and families here in Finland about your beautiful country And the very kind people we met there.

I felt myself very safe all the time. You took a very good care of us. I was specially pleased with that we had plenty of time during our visits in villages and other places, that we could look around and talk with people. And that Wako devoted so much time to us, to take us to different places, fex to look at birds of paradise. And that he invited us to his home, to his family, to eat traditional mumu. I think I'll never forget our time in Papua New Guinea. You have a beautiful country, take good care of it.

Greetings to your family, to Colin, Philip, Robert and the driver.
